Step #4

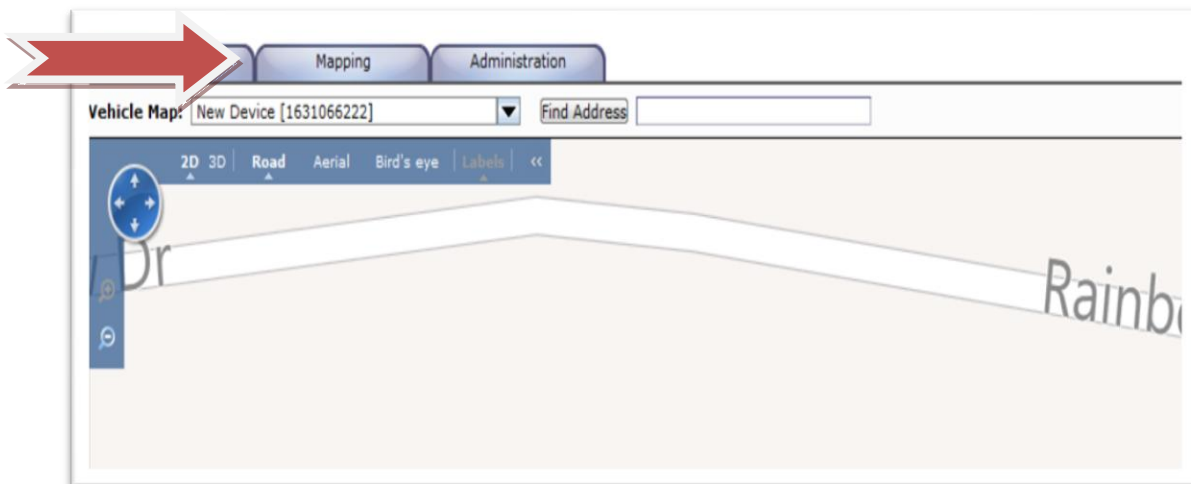

Once you got access to the website you will automatically see your first vehicle on the map.

Hover over the main tab (see red arrow below) and click on “main menu” and you will see the display below

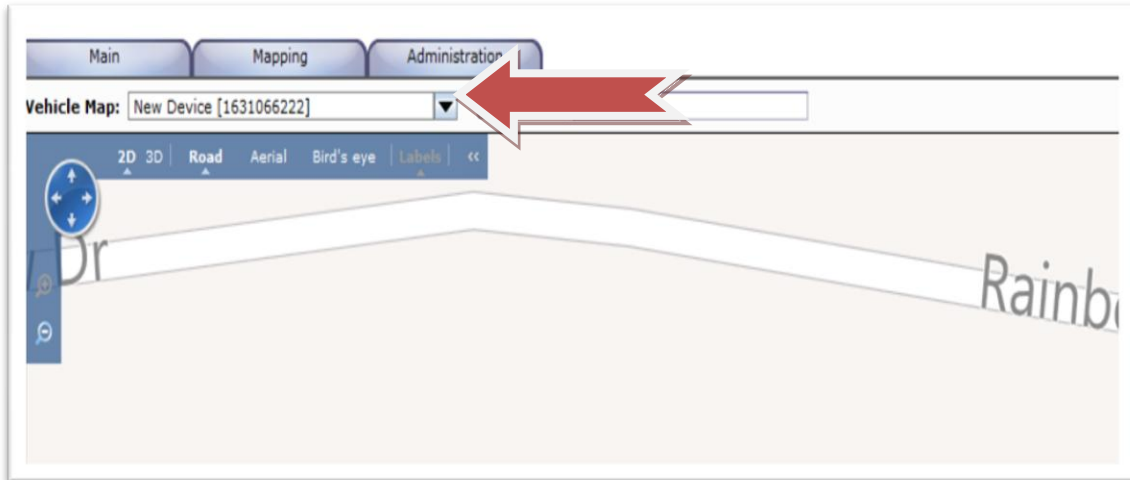

Step #5

Hover over the “Mapping” tab (see red arrow below) and Click either “Last Location Map” or “Vehicle Map” to see the current or last position of your vehicle(s).

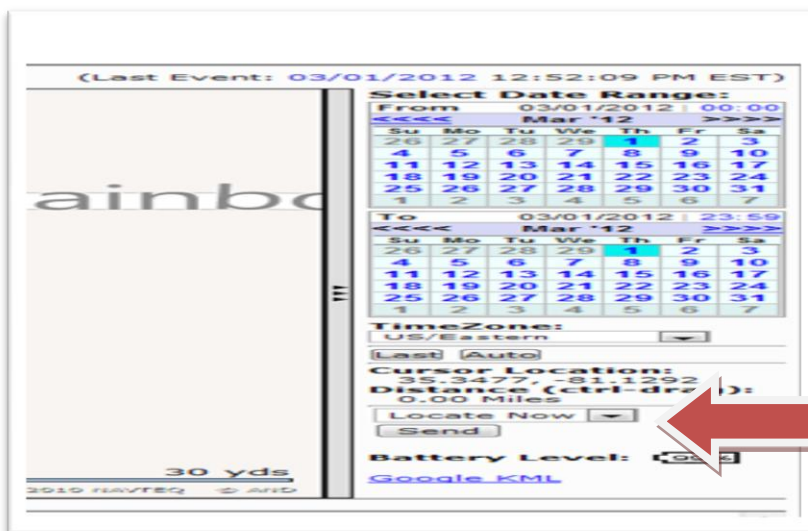

Step #6

Next select the vehicle you want to track from the drop down menu, right below the “MAIN” and “Mapping” tabs on the top left corner of the website (see red arrow below)

Step #7

Next on the right of the map, under the calendar display, there is 2 or more dropdown menus, on the bottom one with the send button under it (see red arrow below) select “Locate Now” from the drop down menu, and then click “SEND” to locate the vehicle.

Finally you will see the last or current location of the vehicle below the map on the website.

You can locate multiple vehicles at the time by using the “GROUP MAP” option located in the “Mapping” tab

Please don't hesitate to give us a call if you need assistance.

PS: Please make sure that JavaScript is enabled on your browser and also "Internet Explorer" browser is not currently supported but not optimal.
